SUMMARY

I am an Internet of Things (IoT) student and a Full Stack Web Developer with over 2 years of experience in building scalable and user-friendly applications. I specialize in JavaScript, Node.js, Express.js, and MongoDB, with expertise in designing real-time systems and freelancing projects. With a passion for innovation, I aim to develop high-performance applications that enhance user experience and solve real-world problems.

EDUCATION

SAMRAT ASHOK TECHNOLOGICAL INSTITUTE
VIDISHA, MADHYA PRADESH, INDIA
NOV 2021 - JUN 2025

Bachelor of Technology, Branch : Internet of Things

CGPA

7.06 (till 6th Semester)

SKILLS

- **PROGRAMMING LANGUAGES :** Java, JavaScript
- **FRONTEND DEVELOPMENT :** HTML, CSS, JavaScript, React.js
- **BACKEND DEVELOPMENT:** Node.js, Express.js
- **DATABASE MANAGEMENT:** MongoDB, SQL

WORK EXPERIENCE

QUASAR DIGITAL SOLUTIONS
BHOPAL, MADHYA PRADESH, INDIA

Web Development Internship | **Certificate**

I gained valuable web development experience during my internship at Quasar Digital Solutions, where I actively contributed to multiple projects. My responsibilities included coding, debugging, and collaborating with team members to deliver functional web solutions and I created some projects as well.

CERTIFICATION

FOUNDATION FOR INNOVATION AND TECHNOLOGY (FITT)
IIT-DELHI

5g and Iot Builder | **Certificate**

Successfully completed an 80-hour internship focused on 5G and IoT development, where I developed an IoT-based Solar Panel Monitoring System, enabling real-time monitoring and performance optimization. This project enhanced my expertise in IoT systems, sensor integration, and data analysis.

PROJECTS

E-COMMERCE WEBSITE | Link: quick-pick-5e6b.onrender.com

Developed a fully dynamic e-commerce website that delivers a realistic shopping experience to users. Integrated secure user and admin login systems using Node.js, Express, and MongoDB enhancing functionality and overall user experience.

IT COMPANY WEBSITE | Link: api.auxes.in

Developed the AUXES IT company website as a freelance project, focusing on developing a modern and user-friendly interface. This project marks my first officially hosted website, showcasing my expertise in web design, usability, and client satisfaction.

AARAMBHYA | Link: aarambhya.com

Aarambhya is a coaching website focused on placement preparation. I developed this website as my freelance project, showing my skills in web development and client satisfaction.

PIZZERIA | Link: pizza-ria.onrender.com

Developed a full-stack real-time pizza delivery website, Pizzeria, using Node.js, Express.js, and MongoDB, includes features like user and admin login, registration, real-time pizza ordering, and an admin dashboard for order management.
